Petition to call a Constitutional Convention

Petition summary and background

Whereas the people believe many of the problems in our government are caused from too much power in the hands of a few, we request a call for a Constitutional convention to limit the total terms a person may hold in any (combination of) federally elected offices to two (2) terms. If a person has held office as a Senator, Representative or, President for two terms, they may not be re-elected to a third term or run for any other office in the federal government.
